

KNIFE SHARPENING EVENT REGISTRATION/DEPOSIT POLICY

September 30, 2025

Program Registration:

- West Greenwich residents/tax payers are first priority
- You will need an **Ocean State Libraries Library card** in good standing (<\$10 in fines) to register.
- Registration for this class requires a \$10 refundable deposit. No places will be saved/registration is not complete, until the deposit is paid.
- Deposits will be refunded in kind upon arrival. Cash deposits will be reimbursed in cash. We will hold check deposits until program day and return uncashed checks to the patrons then.
- **You do not need a deposit if you are on the waiting list.**
- If you do not attend the program and/or do not call or email the library to cancel, your deposit will be considered a donation to the library and will not be refunded.
- Cancellations must be made 24 hours in advance, (by 10:30am on the day prior to class.) This allows us to contact patrons on the waiting list and potentially fill the program. *No exceptions will be made.*
- You may not register another person. Each individual must register herself/himself.

Knife and Scissor Sharpening Program Details:

At the time of registration, you will receive a 10 minute appointment timeslot, you should plan to arrive early. You may have 3 items sharpened at no personal charge. This may be 3 knives or two knives and a pair of scissors or any combination of scissors and knives that equals 3 items. With 10 minute appointments the window of opportunity is narrow. If you are late you will not be able to have all three items sharpened. There will be no time to “make-up” at the end. Patrons must arrive promptly to make the most of this opportunity.

From B’ladies:

“With 10 minutes each, we could process: 1 small (paring: 4" to 5"), 1 medium (utility knife 6"-7"), 1 large (chef ~8"+); or any combination that would include scissors (or be 3 scissors exclusively).”

F.A.Q.:

- Yes, we sharpen *pinking shears*
- Yes, we sharpen *serrated knives*
- No *ceramic knives please*
- **No gardening tools** (such as *Felco pruners*) or *loppers*; we do sharpen these but they take longer and are best at the shop (vs. a pop-up).”

You may have additional items sharpened **at your own expense**, after 12:30pm or when the 15 scheduled and paid appointments have concluded. This matter may be discussed with the representatives of B’ladies directly:
